

## Questions to Ask Your Doctor About Clinical Trials

What are <b>my options</b> for standard treatment?	My Notes
What other <b>treatments through clinical trials</b> are available to me?	
How will my experience differ if I enroll in this clinical trial, compared with standard treatment? For example, are there different risks, extra tests, a different time commitment, schedule or costs?	
Who should I contact about any <b>side effects</b> I experience? And how soon?	
What is the goal of this clinical trial? Is this a Phase 1, 2, or 3 clinical trial? What does this mean?	
Where will I receive my treatment if I join this clinical trial?	
What <b>costs</b> will I have to pay if I join this clinical trial? What costs will be covered by my insurance or the clinical trial?
